Our Process

Our rigorous process ensures success from start to finish. With refined craftsmanship and careful attention, our experienced team makes your design dreams a reality.

STEP 1

Send us your design concept

When you place an order and send us your ideas, our knowledgeable staff works closely with you to thoroughly understand your vision and requirements. We ensure that all specifications of your custom order are addressed.

STEP 2

Collaboratively develop your design

We bring your vision one step closer to reality by producing shop drawings to create a clear visualization of your design. If we see ways to improve value engineering, we collaboratively present you with the options.

STEP 3

Deliver a sample for your approval

Before moving into production, we create a sample of your design and offer the option to deliver to your location. You can inspect the piece and have an opportunity to make adjustments or changes before giving your final approval.

STEP 4

Produce your order with care and expertise

.....
Your order is produced and completed at OC international premium facilities, where our quality control engineers rigorously oversee our production process every artfully built piece is inspected at each stage of production.

STEP 5

Carefully package and deliver each item

.....
Our engineers inspect the packing process, and our global logistics team coordinates every delivery detail, efficiently handling any special shipping requirements. You can track each unit during the delivery process.

STEP 6

Your vision is transformed into a reality

.....
You and your sales consultant conduct a final inspection of each piece. With over 25 years of experience producing custom luxury furniture and fix furniture we guarantee complete client satisfaction.
